# STORY

In a diabolical effort to dominate the Bikini Bottom restaurant scene and consequently rule the world, Plankton has launched his most evil scheme yet-Plan Z! He's framed Mr. Krabs for the mysterious disappearance of King Neptune's crown and intends to brainwash the citizens of Bikini Bottom using souvenir bucket hats, which will transform them into mindless Chum Bucket minions!

Great galloping barnacles! What's a sponge to do? For SpongeBob SquarePants the answer is obvious. He and his best buddy, Patrick, must set out on a dangerous journey to Shell City to retrieve Neptune's crown and clear Mr. Krabs' name. Can SpongeBob and Patrick complete their mission in time to keep King Neptune from turning Mr. Krabs into... gulp... crab cakes? Will our buoyant duo rise to the challenge and thwart Plankton's maniacal Plan Z? The fate of Bikini Bottom hangs in the balance!

# THE BUDDY SYSTEM

In order to get to Shell City, SpongeBob and Patrick need to work together as a team! You'll play both of them simultaneously as they begin their ultimate buddy adventure. In the spirit of teamwork, our buoyant duo has been gifted with a few special moves.

**Stomp:** Use the A Button to make SpongeBob and Patrick jump and then press the Control Pad Down while they're in the air. Patrick will plunge toward the ground butt first smashing enemies and breakable objects with SpongeBob along for the ride.

**Parachute Shorts:** Press the A Button to jump and then press it again while SpongeBob and Patrick are airborne. Patrick will use his shorts as a parachute while SpongeBob hangs on for the trip. Use this move to glide over bad guys and obstacles.

**Power Charge:** Hold down the R Button and SpongeBob and Patrick will run in place, building up speed for a power charge. When you see bubbles stream out from behind them, release the R Button and they'll charge forward with Patrick in the lead to smash any breakable blocks in their path.

**Sponge Soak:** Press the L Button and SpongeBob will absorb water expanding slowly. When he's full he bursts, shooting bubbles in all directions to defeat all enemies on screen. You'll need to collect a bucket of water in order for SpongeBob to use this move.

Your smooth moves will also help you free the bucket-head victims under Plankton's spell. It's time to ship off to Shell City and keep Plankton from making over Bikini Bottom in his own image!

# MINDY'S PLACE

King Neptune's daughter Mindy has a soft spot for SpongeBob and Patrick and she's agreed to help them out on their journey. Once you've beaten a certain stage of the game, you'll have access to Mindy's Place where you can buy power-ups and unlock secret areas.

Mindy's Place also functions as a handy shortcut map. From this screen you can access worlds you've already visited.

## The Unlockables Map

You can also open the Unlockables Map from Mindy's Place. There are thirty mini-games to unlock in all! Some of them you'll have to uncover as you travel through the different worlds, but others can be purchased.

**Tip:** You'll have to find the first mini-game in each world before you can buy the others! Also, a new mini-game can't be purchased unless you've completed the game before it on the Unlockables Map.

# ITEMS

**Golden Clam:** Collect these to buy power-ups and mini-games from Mindy's Place.

**Krabby Patty:** Krabby Patties will restore your health.

**Water Bucket:** Buckets remove all enemies on screen. You'll also need to collect them to use the Sponge Soak special move. But remember, you can only hold up to nine buckets at a time.

**Man Moustache:** The man moustache makes you invincible. It's funny how facial hair can do that for you. Don't get too comfortable, though, it only works for a limited amount of time.

**Double Fudge Spinny:** Collect one of these and receive an extra turn.

**Continue Anchor:** This anchor marks the point where you'll continue playing if you run out of health or run out of time and lose a turn.

**The Patty Wagon:** In certain levels, hop into this patty on wheels and put the pedal to the metal!

# MEET THE CAST

## **SpongeBob SquarePants**

Even though SpongeBob has been passed over for a well-deserved promotion as manager of the new Krusty Krab 2 restaurant, he doesn't hesitate to come to the rescue of his boss, Mr. Krabs. SpongeBob wouldn't dream of holding a grudge thanks to his unsinkable optimism.

## **Patrick Star**

Patrick may not be the brightest bulb in the socket, but he's the best friend a sponge could have. He'll stick with SpongeBob through thick and thin!

## **Mr. Krabs**

Mr. Krabs is the penny-pinching owner of the Krusty Krab and now, the new Krusty Krab 2. With his secret Krabby Patty recipe he's managed to corner the Bikini Bottom fast food market. Things are looking up for Mr. Krabs until he's framed for the disappearance of King Neptune's crown!

### **Plankton**

Plankton is the pint-sized proprietor of the Chum Bucket and a longtime rival of Mr. Krabs. For years he's been trying to steal the secret Krabby Patty recipe with no success. But now that he's hatched his evil Plan Z and framed Mr. Krabs, will he succeed in dominating the restaurant scene and bringing all of Bikini Bottom under his control?

### **King Neptune**

Without his crown King Neptune is forced to wear a paper bag on his head (possibly to mask a receding hairline). How utterly humiliating, especially for a king! And to make matters worse, King Neptune is being deceived by Plankton.

### **Mindy**

Thank goodness for allies! King Neptune's mermaid daughter, Mindy, has agreed to help SpongeBob and Patrick on their journey to Shell City. Use Mindy's Place as a shortcut and a store to buy helpful items.

## Enemies

**Jellyfish:** The thing to remember about jellyfish is that they sting! Try jumping on top of them to defeat them and get a boost of height in the process.

**Scallop:** Scallops will follow you with malice in their hearts (if scallops even have hearts) but only when you're not looking. As soon as you turn around they're whistling a different tune.

**Giant Clam:** A word to the wise: don't be an easy lunch for this hungry mollusk!

**Fogger:** Foggers burp out a stinky gas that you'll want to avoid. Hold your nose and steer clear.

**Slammer:** Slammers go around slamming mallets or banjos into the ground. Don't get in their way.

**Flinger:** Flingers like to throw trash at you. How rude!

**Hill Bully:** He's a back-country hick fish that likes to hurl cans of Soda Pop in your direction!

# OBSTACLES AND PICK-UPS

**Mechanical Nuts:** Watch out for the mechanical nuts that roll in from the

right-hand side of the screen. If they touch you, they will damage your

camera. You can either jump over them, or you can take a picture of them to remove them from the screen.

When you find Misplaced Characters, take a picture of them to help send them back to their proper homes. You'll know you've sent them home when they disappear in a "puff" of smoke.

## Pick-Ups

**Heart:** These small hearts return a small portion of your health.

**Faster Shutter:** These allow you to take pictures faster, without having to wait as long for your camera to recharge.

**Faster Viewfinder:** This allows your viewfinder to move around faster.

**Wide-Angle Lens:** This allows your viewfinder to cover a wider area.

# PAUSE SCREEN

Pressing START from the game screen will pause your game. From the Pause Screen, you can see your current objectives and the pick-ups you've collected.

# SAVING THE GAME

The game automatically saves unlocked characters and area scores after completing an area. The world must be completely finished in order for the game progress to be saved.

# MAIN GAME

Once you select Main Game, you will have to select the world you wish to visit and the character you wish to play as. Each of the characters is rated for jump power, walking speed, endurance, and flash gauge-charging speed.

Once you are in a level, you've got three objectives. First, you have to find all of the Misplaced Characters, take their pictures and reach the required Goal Points. Before you enter a level, Jimmy Neutron will tell you how many Goal Points you need to complete the level.

Once you've started a new game or loaded a saved one, you are at the Main Menu. From here you can select from the following options:

### Main Game

Take your Hero and enter one of the Nickelodeon Worlds. See page 8 for more details.

### Photo Album

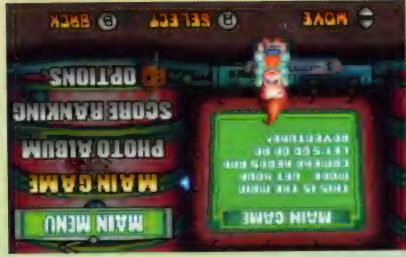

View snapshots of the characters you've photographed. Can you collect everything?

### Score Ranking

View the scores earned by the different characters in the different worlds.

### Options

Turn the music and sound effects ON or OFF, view the Ending (once unlocked), or play samples of Music and Sound Effects.

## WORLD

The Nickelodeon worlds are in trouble!!! Characters have been misplaced from the different Nickelodeon worlds and Jimmy Neutron needs your help to sort them out. With the help of Nickelodeons all-star characters, it's up to you to help Jimmy Neutron investigate what's going on and put a stop to all this mischief.
